80

00:16:10.620 --> 00:16:17.160  
Mayor Samwick: I'm mares comments this evening are extremely brief and I don't have any prepared remarks.

81

00:16:18.240 --> 00:16:26.280  
Mayor Samwick: I would like to say that, you know, if you've been in the village center recently, you've seen what a tremendous job I

82

00:16:26.370 --> 00:16:28.080  
Village Mgr Pappalardo: Am on the zoom call but just as a

83

00:16:30.810 --> 00:16:32.880  
Mayor Samwick: Guide. Steve, we can hear you. Okay, now you're muted.

84

00:16:34.470 --> 00:16:38.790  
Mayor Samwick: You've seen what a tremendous job on the SBA

85

00:16:40.080 --> 00:16:52.380  
Mayor Samwick: And the village has done and from the village boards perspective trustee Verizon and trust the IRS have been running point on that they have spent enormous amounts of time and energy.

86

00:16:53.460 --> 00:17:03.990

Mayor Samwick: I know Ingrid Richards has been one of quite a number of people on the village side, I believe the village engineers been involved up w has been involved. I know I'm missing people

87

00:17:04.860 --> 00:17:12.360

Mayor Samwick: But really just an absolutely tremendous job and and we're very excited about what's going on in the village center.

88

00:17:12.720 --> 00:17:22.830

Mayor Samwick: And, you know, not coincidentally, this is happening is we're reopening and today is the first day of phase three for the mid Hudson region for New York forward.

89

00:17:23.340 --> 00:17:35.070

Mayor Samwick: And in Phase three that enables the opening of restaurants for indoor dining up to 50% of capacity, it, it involves personal services.

90

00:17:35.820 --> 00:17:42.510

Mayor Samwick: Which the county executive, always make sure he mentions tattoos as one of the alternatives. That's now available to people again.

91

00:17:43.110 --> 00:17:56.820

Mayor Samwick: And it also means that groups that were formerly limited to 10 or fewer people are now expanded to 25 people or less. And, you know, sort of in that

92

00:17:57.330 --> 00:18:09.330

Mayor Samwick: Spirit, if you, you know, if you look at what's going on in our community and how we're adapting to things that are are part of our reaction to cope it

93

00:18:10.140 --> 00:18:20.430

Mayor Samwick: You'll see that people are are creative and doing all kinds of interesting things. So today, I went down to the high school and I saw the graduation parade.

94

00:18:21.030 --> 00:18:33.300

Mayor Samwick: And so in groups of 50 you saw graduating seniors with their families driving and cars that were decked out and balloons and and streamers.

95

00:18:33.690 --> 00:18:49.170

Mayor Samwick: And can dragging behind and all sorts of things. The teachers lined a row and we're cheering on the graduating seniors, it was, it was really, it was great to see. It was great to see the spirit and the enthusiasm.

96

00:18:50.220 --> 00:19:02.340

Mayor Samwick: In you know in what is ordinarily, a time of great joy for four people and the adaptation is being embraced by everybody. So congratulations to the senior class of 2020

97

00:19:03.330 --> 00:19:14.580

Mayor Samwick: You know, we're extremely proud of you. You've had to endure quite a bit this year and to be able to to celebrate in these new ways is is a testament to your resilience. So congratulations.

98

00:19:16.080 --> 00:19:24.270

Mayor Samwick: There will be more comments about a number of other things that I touched on, I believe, trustees fair on and arrest in their trusty comments.

99

00:19:25.470 --> 00:19:44.790

Mayor Samwick: Will talk a little bit more about what's going on in their work with the SBA. I think the S didn't mention in Phase three village hall also opens and I believe that the village manager will speak more about that. So that concludes the neighbors comments manager.

100

00:19:52.410 --> 00:19:57.180

Mayor Samwick: Okay, what we may do is if we're having difficulty with the village manager.

101

00:19:57.210 --> 00:19:58.050

Village Mgr Pappalardo: Can you hear me now.

102

00:19:58.350 --> 00:19:59.190

Mayor Samwick: Yes, we can.

103

00:19:59.280 --> 00:20:01.230

Village Mgr Pappalardo: I'm sorry there. I apologize.

104

00:20:02.670 --> 00:20:06.360

Village Mgr Pappalardo: Yes, you. You mentioned the reopening of village hall and

105

00:20:07.410 --> 00:20:09.960

Village Mgr Pappalardo: Yeah. Today was the

106

00:20:10.980 --> 00:20:20.640

Village Mgr Pappalardo: Two weeks after the, the governor provided in his executive order for local governments to reopen during this phase, and we did today.

107

00:20:22.980 --> 00:20:28.530

Village Mgr Pappalardo: We offered our standard operating hours from 9am to 5pm Monday through Friday.

108

00:20:29.610 --> 00:20:36.900

Village Mgr Pappalardo: I'm happy to report that a total of 91 individuals visited village hall today on our first day of reopening started slowly.

109

00:20:37.950 --> 00:20:51.390

Village Mgr Pappalardo: Afternoon at shortly after 12 noon we had only about 25 people, but we did end up with 91 and I would expect this number increases residents and others are informed and obtained and obtain us a level of comfort.

110

00:20:52.680 --> 00:21:02.280

Village Mgr Pappalardo: Conducting in person business. Again, it's been it's been three roughly three months since since they've had the opportunity to come in and interact with staff.

111

00:21:04.080 --> 00:21:16.980

Village Mgr Pappalardo: And preparing for the reopening in a manner that provides for the safety of visitors and our staff are reopening committee worked diligently to review all applicable public health mandates and guidance documents.

112

00:21:18.030 --> 00:21:33.240

Village Mgr Pappalardo: Which resulted in our plan, which is available on the village website under the coven updates section. So I would I would welcome everyone to go to the website and take a look at the plan if you're interested.

113

00:21:34.650 --> 00:21:38.520

Village Mgr Pappalardo: in totality. We're happy to have our folks back

114

00:21:39.720 --> 00:21:45.240

Village Mgr Pappalardo: I can take a few minutes to report on some of the physical changes and other procedures that visitors can expect

115

00:21:46.350 --> 00:21:56.730

Village Mgr Pappalardo: When they do visit us again the physical building changes. You'll notice when you come in a number of plexiglass shields are in place throughout the building.

116

00:21:57.780 --> 00:22:01.590

Village Mgr Pappalardo: Their intended to provide a physical barrier to the transmission of corporate

117

00:22:02.730 --> 00:22:14.400

Village Mgr Pappalardo: Or other diseases, for that matter. This both for internally in our office space for the staff and that the public counters when we're conducting business with our residents and others.

118

00:22:15.420 --> 00:22:25.980

Village Mgr Pappalardo: You'll also notice floor markings and other measures have been installed to help remind visitors of the need to maintain six feet of separation from others.

119

00:22:27.480 --> 00:22:36.570

Village Mgr Pappalardo: We also have enhanced facility sanitation and disinfection protocols in place and they're plainly evident when you when you enter the building.

120

00:22:37.350 --> 00:22:46.440

Village Mgr Pappalardo: Some new procedural requirements for visitors, which do take some time. Um, these are similar to what we're doing with our employees when they enter the building, every day.

121

00:22:48.270 --> 00:22:52.500

Village Mgr Pappalardo: And I would just before I get into some of those. I would just encourage

122

00:22:53.910 --> 00:23:01.770

Village Mgr Pappalardo: Visitors to call ahead and make an appointment or to inquire whether a particular need can be supported remotely.

123

00:23:02.970 --> 00:23:11.130

Village Mgr Pappalardo: We had a lot of appointments today. So some people actually utilize that option and we're ready to go. And when they come, we make sure that they get upstairs in time.

124

00:23:12.060 --> 00:23:26.490

Village Mgr Pappalardo: To meet their schedule time the village hall directory is also available online if you are wishing to to call and make an appointment. You can check that and call the department directly for which you have business.

125

00:23:27.750 --> 00:23:36.600

Village Mgr Pappalardo: We're also answering the phones. Again we hadn't been doing that when we had limited staff, you know, coming to village hall on a daily basis. So

126

00:23:37.590 --> 00:23:45.780

Village Mgr Pappalardo: When you call village hall. Now, with some of our clerical employees and other departments part mental staff back to work. We will be answering the phone calls. Now,

127

00:23:47.130 --> 00:23:52.650

Village Mgr Pappalardo: When visitors come to the come to see us. There'll be asked to provide photo identification upon entry.

128

00:23:53.820 --> 00:24:03.570

Village Mgr Pappalardo: Which will also be used for contact tracing purposes, should the need arise. The village performs health screening assessments for all visitors the screening

129

00:24:04.350 --> 00:24:12.030

Village Mgr Pappalardo: The results of which will also be used to inform contact tracing needs includes completion of a short verbal questionnaire.

130

00:24:12.600 --> 00:24:26.880

Village Mgr Pappalardo: And affirmative response to any of the questions that we ask. And basically, you know, I use symptomatic for corporate 19 have you tested positive for call but 19 have you come into close contact with somebody with cold with my team basically over the past two weeks or 14 days.

131

00:24:28.680 --> 00:24:34.230

Village Mgr Pappalardo: If they answered no to all those health screening questions we will perform a temperature, temperature, check.

132

00:24:34.650 --> 00:24:47.490

Village Mgr Pappalardo: Fortunately, today we took 91 temperatures. We didn't have any issues, we were able to let all of our residents through people were very patient and it worked out very well we're logging all this information and saving it on our intranet.

133

00:24:48.630 --> 00:24:56.910

Village Mgr Pappalardo: In case we do have a problem with with which would which up with a positive case, whether it be with a visitor, or one of our employees.

134

00:24:57.630 --> 00:25:07.710

Village Mgr Pappalardo: We have all that information which will inform the health agencies as it relates to the contact tracing which they will do so we can make sure we're not

135

00:25:08.340 --> 00:25:09.660

Village Mgr Pappalardo: We're maintaining the spread

136

00:25:10.620 --> 00:25:14.760

Village Mgr Pappalardo: All visitors are required to wear a mask or other face covering while you visit village hall.

137

00:25:16.050 --> 00:25:23.340

Village Mgr Pappalardo: Or any of our facilities for that matter if the visitors on able to wear a face covering accommodations must be made.

138

00:25:24.660 --> 00:25:31.800

Village Mgr Pappalardo: Before they arrive and we'll figure something out with them if they fail to bring a mask will provide one for them in the building.

139

00:25:33.990 --> 00:25:41.430

Village Mgr Pappalardo: So, you know, I just want to thank everyone in advance for their cooperation and compliance with the new operating protocols and

140

00:25:41.940 --> 00:25:49.560

Village Mgr Pappalardo: Procedures, as well as for your understanding and patience, while we continue to refine our approach in response to public feedback.

141

00:25:50.220 --> 00:26:03.360

Village Mgr Pappalardo: And the shifting regulatory environment within which we are endeavoring to maximize opportunities for the public to interact directly with our staff, while we continue to maintain the necessary public health protocols.

142

00:26:04.440 --> 00:26:08.670

Village Mgr Pappalardo: I think we've done a nice job or committee did a nice job and getting prepared up to this point.

143

00:26:09.810 --> 00:26:22.050

Village Mgr Pappalardo: Our plan is flexible and will continue to monitor the governor and all the health agencies to make sure we keep people safe as we move forward with conducting your business in person. So that's all I have. Thank you, Mayor

144

00:26:34.680 --> 00:26:38.970

Mayor Samwick: Alright, well I was speaking for a little while. Sorry about that. Thank you very much manager.

145

00:26:40.590 --> 00:26:54.720

Mayor Samwick: We're now going to move to public comment. Please note, there are two public common items on the agenda this one and then at the end of the meeting, the one at the end of the meeting will take place, to the extent that we are at that point in the agenda before 10pm.

146

00:26:56.220 --> 00:26:59.670

Mayor Samwick: As people know there is a five minute limit.

147

00:27:00.720 --> 00:27:06.030

Mayor Samwick: We don't have a time after for anymore. So, please note and also that

148

00:27:07.500 --> 00:27:15.330

Mayor Samwick: Ellen katsu is going to be keeping time and so you'll, you'll see the same warning, I do with that, I'd like to open public comment.

149

00:27:20.940 --> 00:27:22.050

Mayor Samwick: Hold on just a moment.

150

00:27:25.830 --> 00:27:32.880

Mayor Samwick: Alright, so a loan. Somebody wishes to be heard that using an older version of zoom, zoom, that I need to promote two panelists.

151

00:27:38.010 --> 00:27:38.730

Mayor Samwick: Do you see that

152

00:27:40.230 --> 00:27:41.880

Mayor Samwick: Okay, you got it. Thank you.

153

00:27:42.060 --> 00:27:43.170

Asst to Mgr Katzin: They could be in right now.

154

00:27:43.650 --> 00:27:45.750

Mayor Samwick: Okay Marisol. Are you there.

155

00:27:56.850 --> 00:28:05.430

Asst to Mgr Katzin: I think they don't have their audio to enable that I'm not quite sure if we can activate it, because as you mentioned, there's an older version of zoom

156

00:28:06.480 --> 00:28:13.290

Asst to Mgr Katzin: There's a phone number on here, I, I'm not sure if that's them. It doesn't have their hand raise. So I'm not sure if you want to

157

00:28:14.850 --> 00:28:15.840

Asst to Mgr Katzin: Members name had her

158

00:28:16.410 --> 00:29:09.360

Mayor Samwick: hand raised initially so so my role, what I may suggest you do then is, is if you'd like to speak this evening is maybe to disconnect this and dial in the phone number is 1929436 to 866 that's 929-436-2866 and the meeting ID number is 931-837-0358 that's 9318 383-703-3580

159

00:29:11.490 --> 00:29:14.130

Mayor Samwick: I think we had Marisol for just a second, but then lost her

160

00:29:15.390 --> 00:29:16.950

Mayor Samwick: All right, I believe, let's

161

00:29:18.420 --> 00:29:20.280

Asst to Mgr Katzin: I think she may have removed yourself from the meeting.

162

00:29:21.510 --> 00:29:21.900

Asst to Mgr Katzin: I'm sorry.

163

00:29:24.600 --> 00:29:25.170

Asst to Mgr Katzin: Okay, yeah.

164

00:29:26.100 --> 00:29:28.620

Mayor Samwick: All right, Mr. Harrison, I believe you're here.

165

00:29:30.120 --> 00:29:30.870

Harrison: Can you hear me.

166

00:29:31.710 --> 00:29:32.610

Mayor Samwick: Yes, we can. Bob

167

00:29:32.880 --> 00:29:35.340

Harrison: Good. Okay, thank you. So

168

00:29:37.560 --> 00:29:40.380

Harrison: Bob Harrison 65 Fox meadow road.

169

00:29:42.120 --> 00:30:00.630

Harrison: Good report from village manager Steve Pappalardo see you. I don't know if you want to respond now or later. Just curious and 91 people that came to village whole what would be a normal number on to say no and recently mindset you have that kind of number

170

00:30:02.970 --> 00:30:06.420

Harrison: Number one 991 sounds like a lot to me. But that's great.

171

00:30:12.660 --> 00:30:13.770

Harrison: Is he saying anything.

172

00:30:14.820 --> 00:30:17.760

Village Mgr Pappalardo: Here I have the option of being heard or seen

173

00:30:18.060 --> 00:30:19.290

Village Mgr Pappalardo: On so

174

00:30:19.740 --> 00:30:24.600

Village Mgr Pappalardo: You can hear me now. Yes, no, I don't have. I don't have that number offhand, we

175

00:30:25.830 --> 00:30:28.380

Village Mgr Pappalardo: We don't normally count people that come in the building, but

176

00:30:31.680 --> 00:30:35.520

Harrison: Like in a supermarket. You take a number to research.

177

00:30:35.940 --> 00:30:39.540

Village Mgr Pappalardo: What will be, will be counting will have all that information going forward, but I

178

00:30:39.900 --> 00:30:44.430

Village Mgr Pappalardo: I thought it was. I thought it was a bit a bit slow in the morning, but it did pick up

179

00:30:46.080 --> 00:30:46.710

Village Mgr Pappalardo: And so

180

00:30:47.250 --> 00:30:52.500

Village Mgr Pappalardo: Yeah, I wouldn't be happy with the turnout. And as I said, I think we're going to, we're going to see that increases.

181

00:30:55.980 --> 00:30:58.320

Harrison: Minutes mayor. Do I get an extra few seconds.

182

00:30:59.940 --> 00:31:00.450

Mayor Samwick: I'm sorry.

183

00:31:01.830 --> 00:31:03.540

Mayor Samwick: Yeah, the same rules for everybody.

184

00:31:04.080 --> 00:31:05.760

Harrison: Used to be a nice guy. Come on.

185

00:31:05.970 --> 00:31:09.090

Mayor Samwick: Stop still a nice guy, but we have to have consistent rules for everybody.

186

00:31:09.360 --> 00:31:18.870

Harrison: Yeah, but so I guess I shouldn't ask your question or ask for an answer. So let's see, where am I here tennis tennis tennis. I just

187

00:31:20.160 --> 00:31:27.450

Harrison: Think it may appear a letter to the editor. I went over the middle school tennis courts today and I was expecting that.

188

00:31:28.170 --> 00:31:48.270

Harrison: Our residents could play doubles as the middle school tennis courts which you know is very dear to my heart and and it says singles Flay only so I had a calling to the rec department, Bob. Because Mary did call me back. We had a nice chat, but I'd like to publicly say

189

00:31:49.740 --> 00:32:01.080

Harrison: I'd like to urge you as mayor and Brian grey and bobcats married to get to allow doubles as soon as possible into middle school tennis courts because these courts are

190

00:32:01.710 --> 00:32:06.990

Harrison: Restored in 1983 84 by my leadership and with the purpose of allowing

191

00:32:07.830 --> 00:32:23.220

Harrison: Us to play tennis on weekends. They were restricted till after five o'clock on Saturday and Sunday back before 8384 and these courts were were built to allow us to have equal status with adults.

192

00:32:23.760 --> 00:32:40.020

Harrison: on a first come basis and and doubles as the way families can play together, have fun together. So I'm urging that we restore doubles on the middle school tennis courts as soon as possible. And I'm also

193

00:32:41.850 --> 00:32:52.110

Harrison: rec department had done some work on putting up next, because that was my first thought like indoor courts am nets between their courts in their winter leaves.

194

00:32:52.620 --> 00:33:01.020

Harrison: And it looks like the cost to nest for court would be about \$1,000 or three quarter that would be \$3,000

195

00:33:01.620 --> 00:33:09.990

Harrison: And the Scarsdale summer us tennis league is willing to contribute money to see the next get put up there as soon as possible so

196

00:33:10.530 --> 00:33:15.570

Harrison: There's no reason to keep those courts for singles only that's just not right. It's a great

197

00:33:16.200 --> 00:33:25.320

Harrison: Community family era area. There's a picnic bench. There's a practice wall where young kids and parents can hit the ball against the wall.

198

00:33:25.860 --> 00:33:37.800

Harrison: So we should be using all three courts her doubles or singles and in my letter to the editor. I'm urging residents who are by their permits because tennis in effect is the only

199

00:33:38.310 --> 00:33:48.390

Harrison: Real recreational game in town, and it's a great Lifetime Support to leak played up to people at a 79 like myself and

200

00:33:48.930 --> 00:33:58.830

Harrison: So I'm encouraging you, Mayor and working with the rec department and we're happy to contribute some funds to see this. Let's get put up so we can

201

00:33:59.820 --> 00:34:06.690

Harrison: Maintain social distancing. So I hope you all will take care of that. And just our summer league, we're

202

00:34:07.110 --> 00:34:15.240

Harrison: Going to have difficulty. We've done it for 35 years we can only get 50 or 60 players mayor, you came to the program last summer.

203

00:34:15.630 --> 00:34:30.960

Harrison: Obviously, and difficult to socially just just since but we hope, rather than his children and use will play with other friends and with their parents in doubles and singles on these courts and

204

00:34:31.440 --> 00:34:44.040

Harrison: Hopefully. Maybe. A things cool clear up we'll have a little program at the end of the summer for the summer us, Tennessee. So I think that's, that's it for the moment for my comments.

205

00:34:44.940 --> 00:34:46.500

Mayor Samwick: Thank you very much, Mr Harrison.

206

00:34:48.210 --> 00:34:53.190

Mayor Samwick: Manager. Do you want to just very quickly speak about doubles, because I know it's something that that we talked

207

00:34:53.220 --> 00:34:55.020

Mayor Samwick: About and I believe in.

208

00:34:56.340 --> 00:34:58.740

Village Mgr Pappalardo: Well, I think I can you hear me.

209

00:34:59.190 --> 00:34:59.550

Mayor Samwick: Yes.

210

00:34:59.610 --> 00:35:00.090

Village Attorney Pozin: Yes. Okay.

211

00:35:00.330 --> 00:35:00.630

I think

212

00:35:01.710 --> 00:35:02.160

Mayor Samwick: Steve.

213

00:35:02.250 --> 00:35:05.910

Village Mgr Pappalardo: Yeah, well it's all improving as we move along here.

214

00:35:07.680 --> 00:35:11.730

Village Mgr Pappalardo: He's, he's got the he's got the issue. It's the, you know, it's the social distancing

215

00:35:13.440 --> 00:35:24.450

Village Mgr Pappalardo: With the course when we opened the courts. We open to every other court. So what we did when we allowed for for doubles play was just to allow it at those facilities with a single court.

216

00:35:24.900 --> 00:35:32.400

Village Mgr Pappalardo: On the high school has multi courts and so we were being consistent with our approach obviously with those nets.

217

00:35:32.760 --> 00:35:47.100

Village Mgr Pappalardo: That, Mr Harrison is talking about. We should be in a position to to allow for for doubles play on multiple courts in one in one facility but you know there's there's an expense there and we have yet to

218

00:35:48.330 --> 00:35:52.650

Village Mgr Pappalardo: Make that expense. So he's asking for us to reconsider and we can have that discussion.

219

00:35:53.640 --> 00:35:53.970

Okay.

220

00:35:55.830 --> 00:35:57.810

Mayor Samwick: Thank you very much. Now I see

221

00:35:59.250 --> 00:36:03.060

Mayor Samwick: Marisol is back again so viral bear with me a second. Are you there.

222

00:36:08.220 --> 00:36:08.400

Myra Saul: Yeah.

223

00:36:12.060 --> 00:36:13.230

Myra Saul: Keep on using me

224

00:36:14.490 --> 00:36:15.660

Mayor Samwick: Yes. We hear you now.

225

00:36:15.780 --> 00:36:32.130

Myra Saul: Okay, finally I I'm not very tech oriented. Anyway, I did not prepare any specific remarks. Thank you for your consideration. Tonight I want to bring to your attention. Something that is maybe

226

00:36:33.240 --> 00:36:58.620

Myra Saul: You're not aware of which is our crowded sidewalks. I am a walker and because of the situation we're in. We have a lot of people riding bikes and I want people to ride bikes. My daughter's a big biker, however, there is a little bit of a squeeze there. As you can imagine, and

227

00:36:59.910 --> 00:37:07.980

Myra Saul: In fact, someone I know somebody ran into her by mistake. So I want to accommodate everybody

228

00:37:09.030 --> 00:37:21.330

Myra Saul: I don't know specifically what the rules of the road are regarding bites. My understanding is that they should people riding bikes should be on the roadway. I understand that people with young children may feel that's an issue.

229

00:37:23.550 --> 00:37:32.610

Myra Saul: So what I propose is an iPad, like if you're going to do this. Do it fast. WE HAVE THE GREAT WEATHER AND WE EVER CONSIDERED bike lanes and scars fail.

230

00:37:34.170 --> 00:37:48.810

Myra Saul: It's, it's really about time I cannot tell you, I mean, in February and March when I was walking. Nobody was out, but it's it's just what the summer coming camps closed. It's going to only get worse. So I put that out there and

231

00:37:50.670 --> 00:38:02.400

Myra Saul: Thank you for the short impromptu remarks, but I really think for the quality of life for all of us in the summer, especially this summer. A lot of people are going to be on vacation. No can

232

00:38:02.910 --> 00:38:09.390

Myra Saul: Hit the pool is close to the middle of the middle of July. A lot of people are on their bikes and a lot of people want to walk.

233

00:38:09.930 --> 00:38:19.110

Myra Saul: There aren't that many outlets. I heard Bob Harrison. I'm a doubles player. I like playing tennis, too, but there's only so much you can do so.

234

00:38:19.860 --> 00:38:31.800

Myra Saul: I'd like for the trustees. Consider an immediate action as soon as possible, regarding bike lanes, or some accommodation between walkers and bikers. Thank you very much.

235

00:38:32.160 --> 00:38:33.180

Mayor Samwick: Thank you very much, Mr.

236

00:38:39.270 --> 00:38:39.870

Mayor Samwick: Nicholas

237

00:38:42.420 --> 00:38:45.990

nicholas t: Yes. Hi. I'm actually, I'm

238

00:38:47.400 --> 00:38:59.160

nicholas t: I'm Nicholas Thompson one I'm at one first link I had mailed i'd email the letter A, that basically

239

00:39:00.390 --> 00:39:03.930

nicholas t: I was discussing about the fact that

240

00:39:05.100 --> 00:39:16.710

nicholas t: Downtown. I know right now that a lot of the rubric restaurants are wanting folks to, you know, come and he

241

00:39:17.850 --> 00:39:18.660

nicholas t: And

242

00:39:21.060 --> 00:39:39.600

nicholas t: We already have a huge problem with people being able to park downtown and there's a big tent. Right in downtown that's by the that's by the pharmacy and Haagen does and

243

00:39:40.590 --> 00:40:06.420

nicholas t: It's like okay you set up a big white tent for folks to be able to social distance and have food, but where are people going to be able to park their cars be because a lot of the side streets. There are rules as to how long you can park your car. So, um, and then my other issue is that

244

00:40:08.910 --> 00:40:11.790

nicholas t: Is that I know that

245

00:40:13.710 --> 00:40:21.330

nicholas t: There was a local newspaper article that talked about how the how the village code has a rule.

246

00:40:22.350 --> 00:40:48.840

nicholas t: Concerning selling stuff on the sidewalk and how it's not allowed right now and that that was amended due to what's going on and I had, I had written in my letter about okay you that you would like to do that. But what about folks folks with their kids, folks, you know, older folks.

247

00:40:50.430 --> 00:41:17.550

nicholas t: Folks that are in no fault if folks that are in wheelchairs, etc. And they need to get down the sidewalk. So, um, I, I would hope that somebody could explain you know exactly how older folks and people with young kids are actually going to be accommodated um

248

00:41:18.930 --> 00:41:22.380

nicholas t: I would like to thank you guys for

249

00:41:23.880 --> 00:41:38.550

nicholas t: Helping. Helping us get for helping us get through this, because I know it's not easy and I really appreciate it. My other question would be, what do we doing about

250

00:41:39.930 --> 00:41:41.070

nicholas t: This. Thank you, guys, I'm

251

00:41:41.070 --> 00:41:42.030

Mayor Samwick: Sorry. To do this, but

252

00:41:43.110 --> 00:41:43.380

nicholas t: No.

253

00:41:43.710 --> 00:41:44.940

Mayor Samwick: Time is up. I have pretty

254

00:41:44.970 --> 00:41:46.950

Mayor Samwick: Much. Stay with us, we will have another

255

00:41:47.970 --> 00:41:49.410

Mayor Samwick: Comment section so shortly.

256

00:41:50.610 --> 00:41:51.000

Mayor Samwick: Thank you.

257

00:41:58.290 --> 00:41:59.490

Mayor Samwick: Randy, I believe you're on.

258

00:42:00.990 --> 00:42:02.190

Randy Whitestone: YES, THANK YOU MAYOR.

259

00:42:03.480 --> 00:42:13.800

Randy Whitestone: Good evening, Randy white stone 94 Sprague road, I just want to echo the mayor's comments, congratulations to the graduates. All graduates, it's

260

00:42:13.800 --> 00:42:16.980

Randy Whitestone: Been nothing if not a memorable year for them.

261

00:42:17.490 --> 00:42:23.550

Randy Whitestone: Even what's going on in the world between public health crises and social justice movements so

262

00:42:25.020 --> 00:42:38.130

Randy Whitestone: I'm sure you will always remember their graduation time appreciate the updates. I was hoping to get a sense of from the board and the staff about

263

00:42:38.580 --> 00:42:49.020

Randy Whitestone: A sense of the roadmap for the budget going forward. I know we're still very early in the fiscal year day 23 but there are, you know, there are

264

00:42:51.060 --> 00:43:00.600

Randy Whitestone: Things that I'd love to see and we've talked about them in past meeting, such as a modular approach to budgeting, the kinds of data that you'll be looking at

265

00:43:01.650 --> 00:43:09.900

Randy Whitestone: A recognition of municipal market conditions which are very stressed right now. So I would still look forward to hearing

266

00:43:10.230 --> 00:43:20.970

Randy Whitestone: A better sense of hearing about a better sense of the roadmap for the budget process going forward, given that it's going to be a Live fire exercise in budgeting this fiscal year.

267

00:43:22.650 --> 00:43:23.430

Randy Whitestone: Going to

268

00:43:24.480 --> 00:43:34.770

Randy Whitestone: Another issue, which is quite interesting, right now, which is our roads and and mishaal alluded to this earlier but traffic safety is very important right now.

269

00:43:35.520 --> 00:43:43.740

Randy Whitestone: We do have people who are home, people who are around who might not otherwise be around and people can't go to their gyms. So we do have

270

00:43:44.670 --> 00:43:54.330

Randy Whitestone: walkers bikers joggers and we do have people now driving again with some rapidity, and I know the mayor is called on people to

271

00:43:54.900 --> 00:44:15.780

Randy Whitestone: Drive with extra care, given all that's going on. So I think traffic safety is also a concern finally being around all day, we noticed noises. We probably didn't notice before, including leaf blowers that are still blowing past the June 1 deadline, we noticed some fireworks at night.

272

00:44:16.920 --> 00:44:26.430

Randy Whitestone: So I think, you know, there are all sorts of quality of life issues that I think will be conscious of this summer because it seems like we're going to be around for a while, that's all I have. Thank you.

273

00:44:27.270 --> 00:44:27.930

Mayor Samwick: Thank you, Randy.

274

00:44:35.850 --> 00:44:37.170

Mayor Samwick: Right. Mr. Burgess I you

275

00:44:37.650 --> 00:44:48.840

Robert: It is indeed. Good evening with Robert Byrd 32 because Bill road. I've been checking out the village center for the last couple of days since the big white 10th has been erected.

276

00:44:49.470 --> 00:44:55.620

Robert: While I believe in doing everything we can to bring life and vitality downtown, it remains largely empty.

277

00:44:56.280 --> 00:45:05.010

Robert: The big tent is usually bacon, three see one or two tables with a couple of people there Parkway diner outdoor dining area is certainly full but that's about it.

278

00:45:05.640 --> 00:45:11.790

Robert: It's just a small number of ground level retailers still in business and some taking advantage of your changes.

279

00:45:12.240 --> 00:45:25.080

Robert: To section 256 one of the villas code have put out maybe Iraq or two of merchandise mostly mop as much hardly much of a lord of shoppers. The vast majority of the village sidewalk spaces empty.

280

00:45:25.680 --> 00:45:35.640

Robert: At the last board meeting I had urge you to expand the scope of the new code provision to include Scarsdale businesses beyond ground for retailers food purveyors

281

00:45:36.450 --> 00:45:45.750

Robert: The provision, I believe should include any scars though business that seeks to market its goods and services and can do so from a sidewalk booth during normal business hours.

282

00:45:46.170 --> 00:45:53.670

Robert: Without requiring public utilities and welcome forming whatever public health requirements and reasonable standards are necessary.

283

00:45:54.150 --> 00:46:04.530

Robert: There's really no reason why an attorney or a therapist or a doctor or chiropractor for an insurance broker shouldn't be able to have a sidewalk booth and talk to passers by

284

00:46:04.890 --> 00:46:14.610

Robert: About the services, he or she can provide or have a staff member do that. I'm not, of course, suggesting a marriage counselor should be conducting confidential therapy sessions.

285

00:46:15.000 --> 00:46:15.270

Robert: Out in

286

00:46:15.300 --> 00:46:23.370

Robert: Public on the sidewalk, but a marriage counselor can tell potential clients about the types of services, he or she provides the rates.

287

00:46:23.850 --> 00:46:35.520

Robert: He or she charges, insurance companies with which he or she participates and other relevant information. The mayor seems to believe that there's something unique about a ground floor retail business that deserve special

288

00:46:35.910 --> 00:46:43.800

Robert: favoritism from the village especial law that benefits just those types of businesses to the exclusion of other stores build businesses.

289

00:46:44.130 --> 00:46:50.400

Robert: Which are simply trying to survive the rest of you trustees agree because that's the law you past two weeks ago.

290

00:46:50.970 --> 00:46:56.700

Robert: I believe you're discriminating against other types of struggling Scarsdale businesses and for no reason whatsoever.

291

00:46:57.270 --> 00:47:11.550

Robert: Because based on my observations over the past week is more than enough room for anyone who wants to set up a booth in the village right way and the village center. So please let's help all of our stores build businesses that are just trying to survive. Thanks.

292

00:47:12.900 --> 00:47:13.140

Mayor Samwick: Thank you.

293

00:47:22.560 --> 00:47:24.180

Mayor Samwick: Anyone else wishing to be heard this evening.

294

00:47:30.210 --> 00:47:35.010

Mayor Samwick: Alright, not seeing anybody will close the first public comment portion of the meeting.

295

00:47:36.450 --> 00:47:41.070

Mayor Samwick: A couple of quick remarks to some of the comments that were brought up.

296

00:47:42.150 --> 00:47:49.590

Mayor Samwick: With regard to bike lanes, you know, this is something that's been on our agenda from prior to the pandemic.

297

00:47:50.460 --> 00:47:56.700

Mayor Samwick: In fact, one of the things that we've discussed at length during our budgeting process about six months ago.

298

00:47:57.300 --> 00:48:06.900

Mayor Samwick: Was how to make our village more bike friendly. We do have challenges in that regard. And we do have a number of roads that are rather narrow

299

00:48:07.680 --> 00:48:19.380

Mayor Samwick: But one of the things that we are looking into is the Safe Routes to School Program. And, you know, one of the components of that is improving, improving and expanding sidewalks providing more

300

00:48:20.220 --> 00:48:26.130

Mayor Samwick: pedestrian and bicycle options and safety measures. So it is something that is certainly

301

00:48:26.610 --> 00:48:33.720

Mayor Samwick: On our agenda, but unfortunately I don't believe that we're going to be able to get anything done in that regard. With respect to this summer.

302

00:48:34.440 --> 00:48:47.400

Mayor Samwick: Bike lanes require you know a fair amount of study and and work to be done before we can implement them to make sure that they're safe and that obviously is our, you know, our Paramount issue when dealing with those

303

00:48:49.830 --> 00:49:00.150

Mayor Samwick: You know there were a couple of comments about the 10 and what's going on in village center, you know, from my limited experience I have not seen the the 10 the empty.

304

00:49:01.050 --> 00:49:16.080

Mayor Samwick: We and we haven't seen parking issues. And in fact, I don't really want to spend too much more time on this. I think that trustees Aaron and Aaron are going to be speaking more about this during their trusty reports. The only other thing I'll say about this is that

305

00:49:17.490 --> 00:49:19.530

Mayor Samwick: You know, I just to repeat myself.

306

00:49:20.580 --> 00:49:32.760

Mayor Samwick: You know very much with what I said. Two weeks ago, there's not any discrimination here that's going on. And in fact, what we're doing is not limited to sidewalks. We obviously want all of

307

00:49:33.300 --> 00:49:48.600

Mayor Samwick: Our village village merchants and businesses to prosper and thrive. We are talking about a number of things that again. I believe trustees Aaron and Aaron are going to speak about including using Chase. Chase Park as a venue for certain

308

00:49:49.770 --> 00:49:52.980

Mayor Samwick: Businesses are certain programming that may take place.

309

00:49:54.060 --> 00:50:01.560

Mayor Samwick: As well as, as other alternatives. And in fact, if you look at Spencer, which is closed, where the tent is

310

00:50:02.040 --> 00:50:11.850

Mayor Samwick: That is certainly being used by village restaurants and food providers across a much broader spectrum there. And again, just to reiterate,

311

00:50:12.840 --> 00:50:18.840

Mayor Samwick: You know there is a big difference between someone who is a retail tenant and it was a retail business.

312

00:50:19.290 --> 00:50:32.730

Mayor Samwick: And and has people walking by, as opposed to a destination on upper floors and I think we have to be cognizant of that while still trying to accommodate everybody's needs and the sidewalk.

313

00:50:33.540 --> 00:50:42.930

Mayor Samwick: Co change that that was implemented was really only one of the tools in our toolbox. And again, I believe the trustees and speak to that in a little bit more detail.

314

00:50:43.980 --> 00:50:52.050

Mayor Samwick: With regard to the budget roadmap, you know, I think that a number of different components exist with respect to that.

315

00:50:52.440 --> 00:51:00.540

Mayor Samwick: One is that data comes in, you know, rather slowly. Remember that about 70% of our revenue is our real estate taxes.

316

00:51:01.470 --> 00:51:13.170

Mayor Samwick: The next largest is sales taxes that we get quarterly payment on sales taxes we get some information on a monthly basis about overall sales tax revenue.

317

00:51:14.130 --> 00:51:26.640

Mayor Samwick: So we can track these things we can track them over time. But, you know, remember our initial approach to this was, you know, with quick decisive and responsible

318

00:51:27.390 --> 00:51:36.750

Mayor Samwick: We went in, we went into austerity mode, the village manager. The village treasure did an outstanding job they came to us with with different scenarios.

319

00:51:37.260 --> 00:51:46.380

Mayor Samwick: In terms of what revenue exposed shortfall exposures. We may have and we immediately identified or the village.

320

00:51:47.220 --> 00:51:55.140

Mayor Samwick: Manager and billing treasure identified sources with which we might cover those shortfalls at this juncture.

321

00:51:55.770 --> 00:52:06.150

Mayor Samwick: Basis based on all the information that we have there is not any indication that and again it's very, very early in the process that we are off track.

322

00:52:07.020 --> 00:52:17.940

Mayor Samwick: On those things. With that said, obviously, monitoring and reviewing the budget is something we will continue to do on a monthly basis as we always have done.

323

00:52:18.420 --> 00:52:32.970

Mayor Samwick: And this is of paramount importance to the board our fiscal responsibility is one of the most important things that we do and we're going to continue to do that. So with that said, we'll move on to trust the reports I know trustee Crandall has something

324

00:52:35.370 --> 00:52:36.420

Trustee Crandall: Thank you, Mayor

325

00:52:38.250 --> 00:52:45.510

Trustee Crandall: Let's see, first I'd like to make a rather sad announcement. I learned the game McCreery passed away.

326

00:52:46.260 --> 00:52:55.200

Trustee Crandall: She was quite the synod volunteer in her own right. She served as president of the Scarsdale Woman's Club, I believe, for two terms which is quite unusual.

327

00:52:55.950 --> 00:53:09.060

Trustee Crandall: And her husband, I believe, was one of our former trustees and possibly even mayor village manager Pappalardo. Can you help me out with Bill McCreery one of our former mayors

328

00:53:09.810 --> 00:53:12.720

Village Mgr Pappalardo: Yes, Joe McCarthy was a former mayor of the village.

329

00:53:13.650 --> 00:53:29.850

Trustee Crandall: So certainly our sympathy goes out to to mayor McCreery to his family, friends, there's going to be a service tomorrow morning 10am at the Immaculate Heart of Mary church, also known as I HM on a post and Carmen roads.

330

00:53:31.230 --> 00:53:40.560

Trustee Crandall: So, you know, it's certainly a great loss. She was a role model to me and I am very sorry, you know, to announce her passing

331

00:53:41.640 --> 00:53:47.280

Trustee Crandall: Thankfully, I do have a bit of good news. The weekly pick up a food scraps resumed yesterday.

332

00:53:47.790 --> 00:53:59.640

Trustee Crandall: The schedule is the same as before, those with a Monday, Thursday trash pickup. She placed their food scrap them out by 7am Monday mornings and those were the Tuesday Friday garbage collection.

333

00:53:59.940 --> 00:54:14.880

Trustee Crandall: Should place their food scraps bins out by 7am on Tuesdays. For more information on how to get started. See the village website as far as al.com or send an email to composting at Scarsdale calm.

334

00:54:15.270 --> 00:54:34.410

Trustee Crandall: Many thanks to Superintendent of Public Works Jeff Coleman for his leadership in returning this important service and, I hope, as many of you will participate in this as possible, whatever we can do to help our environment. Now, more than ever, is essential benefits everyone. Thank you.

335

00:54:35.190 --> 00:54:37.410

Mayor Samwick: Thank you trusted Crandall to St. Louis.

336

00:54:41.700 --> 00:54:59.400

Trustee Lewis: Thank you, mayor. First of all, I just want to note that the human relations committee has begun its work as I noted a couple of weeks ago and they began to work creating a survey to help our community map out it's aspirations to me more inclusive diverse and welcoming

337

00:55:00.870 --> 00:55:08.280

Trustee Lewis: I just a quick reaction to to Microsoft's comments I see my walking all the time. So she is indeed a committed Walker.

338

00:55:08.790 --> 00:55:17.010

Trustee Lewis: I'd also like to note that as a cyclist. I am cycling when I see Myra. I also agree with her assessment of the behavior on our roads.

339

00:55:18.000 --> 00:55:23.370

Trustee Lewis: I for one have been harmed many times by our fellow neighbors. I've had people shot at me from cars.

340

00:55:23.850 --> 00:55:32.910

Trustee Lewis: And. And so I do think that we do need to find a way to create a more welcoming environment on our roadways for walkers and bikers.

341

00:55:33.210 --> 00:55:41.490

Trustee Lewis: We've talked as the mayor noted before about initial pilot programs we've discussed in our working sessions about exploring the complete streets movement.

342

00:55:41.850 --> 00:55:45.990

Trustee Lewis: And while we may be budget challenge. At this time I would like to encourage

343

00:55:46.440 --> 00:55:56.880

Trustee Lewis: The board and staff to begin working with our fellow residents, perhaps in working sessions to begin to map this out, even if money requires us to wait till later date to the budget.

344

00:55:57.360 --> 00:56:05.820

Trustee Lewis: And of course I would be remiss if I just didn't note that our last budget working session, which I thought was was was very valuable. A number of trustees.

345

00:56:06.600 --> 00:56:18.120

Trustee Lewis: Raise opportunities for follow up whether it related to cash flow analysis reserve analysis or a further conversation about our scenarios. I'd like to acknowledge

346

00:56:19.140 --> 00:56:24.540

Trustee Lewis: agree completely with the Amir Samak that the data does come in slow the data does come and slowly.

347

00:56:25.500 --> 00:56:40.350

Trustee Lewis: But at the same time, we don't want to wait for the data to come into plan and and i think the short agenda of this meeting would have been a great opportunity to have the budget on the agenda, and I'd

like to encourage the board in the mirror and staff, not to lose time.  
Thank you.

348

00:56:41.460 --> 00:56:41.850

Mayor Samwick: Thank you.

349

00:56:44.760 --> 00:56:45.450

Trustee Veron: The village center will be close to traffic to afford a pedestrian friendly social distance experience.

375

01:00:53.790 --> 01:01:05.160

Trustee Veron: The special committee is sensitive to the needs of all merchants and service providers, no matter ground level or higher, higher level occupants to that end during the sidewalk sale.

376

01:01:05.550 --> 01:01:09.720

Trustee Veron: The SBA is providing space for all such businesses to set up stations.

377

01:01:10.500 --> 01:01:16.920

Trustee Veron: It has been particularly helpful that the SBA contains representation from a cross section of the business community.

378

01:01:17.370 --> 01:01:28.080

Trustee Veron: And it's noteworthy that if top floor service provider sits on the executive committee seventh music is in the works in partnership with the Scarsdale arts Advisory Council.

385

01:02:13.470 --> 01:02:25.500

Trustee Veron: I'm personally energized by what has been accomplished in such a short time with an ethos of creativity and problem solving the special committee has been working in unison to find a way to make things happen.

386

01:02:26.040 --> 01:02:35.220

Trustee Veron: As I said before, we're learning as we're doing mistakes will be made, but I have no doubt that we will iterate to find the solution, just right for Scarsdale

387

01:02:35.610 --> 01:02:44.880

Trustee Veron: startup community. Thank you so much for your incredible positivity and support you're living proof of the adage, if we build it they will come.

388

01:02:46.740 --> 01:02:47.730

Mayor Samwick: Thank you trust to her and

389

01:02:48.120 --> 01:02:52.590

Trustee Veron: I want to just give a brief update on the library as well if that's okay.

390

01:02:52.860 --> 01:02:53.130

Trustee Veron: Yes.

391

01:02:53.160 --> 01:02:56.940

Mayor Samwick: Yes, I like jumped the gun you did mention that earlier nice. My apologies.

392

01:02:57.000 --> 01:03:04.560

Trustee Veron: It's a lot to cover. I know, but I feel like people need to know all the details to that. So I will continue on the library.

393

01:03:05.010 --> 01:03:14.040

Trustee Veron: Content less holds pick up at the loft is going well. And right now we're limited to items house in the loft, but as of July 1 deliveries will

394

01:03:14.370 --> 01:03:20.730

Trustee Veron: Be enabled between libraries library patients can continue to drop off book returns and Mark bins outside the law.

395

01:03:21.210 --> 01:03:26.670

Trustee Veron: book recommendations for all ages have been posted on the library website or you can email the library.

396

01:03:27.090 --> 01:03:38.190

Trustee Veron: Virtual programming for all ages is expanding the library is very keen on supporting the community, particularly in the summer months when I think people seek this kind of relaxation

397

01:03:38.670 --> 01:03:45.780

Trustee Veron: The children's department is starting summer blackout. Bingo. Children are encouraged to read and enjoy fun activities.

398

01:03:46.020 --> 01:03:56.880

Trustee Veron: Once the bingo card is completed child and parent can take a photo of completed board and send it to the SCA kids at w LS mail.org for a gift card to Bronx River books.

399

01:03:57.330 --> 01:04:04.740

Trustee Veron: Not only will this encourage our community to read some great books, but it also supports local business and the bingo cards available on the library homepage.

400

01:04:05.100 --> 01:04:15.330

Trustee Veron: And finally for the community. There is a call to everyone to share their stories so that future generations will know what happened in 2020 during the pandemic.

401

01:04:15.780 --> 01:04:33.000

Trustee Veron: Submissions may be in the form of digital writings drawings photographs or videos. There's a coven 19 memory project form via scars, a library website for residents to submit their pieces and they will appear on the local history page in the near future. Thank you, man.

402

01:04:34.860 --> 01:04:37.410

Mayor Samwick: Thank you again and trust you. Just yes

403

01:04:38.280 --> 01:04:47.190

Trustee Arest: Thank you Mary. That was a great report from Deputy Mayor and I just would like to add a few things on to it, regarding the village center, the first being parking enforcement.

404

01:04:48.180 --> 01:04:56.910

Trustee Arest: While parking enforcement never stopped you know priorities required less, you know, fewer resources due to constraints from co bid.

405

01:04:57.390 --> 01:05:07.350

Trustee Arest: To parking enforcement and therefore it's been it's been lacks for the past several weeks that is changing, going forward, the normal forces out

406

01:05:07.620 --> 01:05:15.060

Trustee Arest: And I just think we should all make it clear. It's not about fundraising. It isn't about the the revenue that we're hoping to accomplish there. It's about fairness.

407

01:05:15.450 --> 01:05:26.250

Trustee Arest: And turning over these spots because we do have some reduced spots and we want to make sure there's fair for everyone and for all the merchants to have turnover, to be able to have more patrons go to their stores.

408

01:05:27.030 --> 01:05:32.790

Trustee Arest: I appreciated. Mr. Thompson's comments and I just wanted to address his points one now, and one in a moment.

409

01:05:33.630 --> 01:05:43.650

Trustee Arest: We did lose 12 spots, but just repeating what trustee Verizon said, you know, there will be a minimum of probably 100 spots in Christie place in the commuter lot

410

01:05:43.890 --> 01:05:48.540

Trustee Arest: Again 10599 just in case the signs aren't up yet, but they will be shortly for Pongo.

411

01:05:48.930 --> 01:05:55.920

Trustee Arest: That will be three hour meters, and that's actually something that residents have been asking for for quite some time. They wanted more than just 90 minutes so

412

01:05:56.550 --> 01:06:07.080

Trustee Arest: Hopefully residents will take advantage and be able to go get a personal service, perhaps, and have a meal and parking Christy place and that the loss of the 12 spots won't be a negative impact there.

413

01:06:08.400 --> 01:06:17.550

Trustee Arest: Quickly on the sidewalk issue. I just want to make it clear because it may not have been for many that while the law has changed in terms of

414

01:06:18.000 --> 01:06:25.710

Trustee Arest: What can can and cannot go on the sidewalk. It wasn't carte blanche. It doesn't mean that someone can just take over the sidewalk in front of their store.

415

01:06:26.160 --> 01:06:38.790

Trustee Arest: The special committee, along with course with the village engineer and assistant manager Richards, we put together criteria and one of those. One of the first ones was actually a four foot on obstructed path.

416

01:06:39.360 --> 01:06:46.650

Trustee Arest: By anything that's put onto the sidewalk. So, safety is very important. Accessibility is very important. And in addition to that,

417

01:06:47.280 --> 01:06:52.890

Trustee Arest: It doesn't mean you're going to have 100 foot section where you only have a four foot window.

418

01:06:53.250 --> 01:07:02.670

Trustee Arest: That the village engineers also very careful about where we allow where he allows certain things to go for exactly the same reason for safety for social distancing etc so

419

01:07:02.940 --> 01:07:07.140

Trustee Arest: You know, thank you for the comments. I hope that answers. Those obviously please come back to the mic.

420

01:07:08.070 --> 01:07:18.270

Trustee Arest: Or the virtual mic if it did liquor license. I would just add the SLA has done a couple things to understand that restaurants will be even more reliant on outside

421

01:07:18.600 --> 01:07:24.420

Trustee Arest: Dining. And so what they did was for restaurants, who have their own outdoor dining, or perhaps have space available to them.

422

01:07:24.720 --> 01:07:31.080

Trustee Arest: Usually there would be an entire process and a review by the SLA to have their liquor license expanded this was expedited greatly

423

01:07:31.530 --> 01:07:38.340

Trustee Arest: Because you eg is directly adjacent to the tent area and for participant of the SBA involved in that program.

424

01:07:38.910 --> 01:07:50.850

Trustee Arest: They were able to actually just submit a piece of paper to the SLA and have their liquor license covered in the space and they are listed on the menu that will be there. I think tomorrow and that trusting there and spoke about

425

01:07:51.450 --> 01:08:02.520

Trustee Arest: Additionally, because we are extremely focused on fairness, the village had an opportunity to also establish the area for other liquor licensees

426

01:08:02.970 --> 01:08:10.710

Trustee Arest: In the area that will be able to run that will be able to actually deliver alcoholic beverages to the snakes and have their liquor licenses covered

427

01:08:11.010 --> 01:08:18.480

Trustee Arest: And we wanted that open up wide. So just to let you know purple Quito on Christie place Westchester burger company on Garth road.

428

01:08:18.810 --> 01:08:27.690

Trustee Arest: And Scarsdale metro restaurant on Scarsdale Avenue all wanted to participate and a big thanks to the SBA and Marci Berman Goldstein, they spent

429

01:08:28.320 --> 01:08:39.210

Trustee Arest: Enormous time reaching out to every restaurant and making sure to see who was interested in who not, it wasn't so those restaurants. Now, those three, not only can you have food delivered, but you can have alcohol.

430

01:08:39.480 --> 01:08:51.510

Trustee Arest: Also important to note that this is not for a bar setting people standing around and drinking, you know, standing next to each other, some of the pictures that we've unfortunately seen from Manhattan and the Hamptons and other places.

431

01:08:52.320 --> 01:09:05.190

Trustee Arest: You have to be seated. You have to be a seated patron to be served and all the same standards apply all these licensees are on the hook for their own licenses to help police it along with with the SBA and of course with the village, so

432

01:09:05.610 --> 01:09:11.100

Trustee Arest: You know, constructive criticism comments that people have that, you know, please always reach out to the board and let us know what you think.

433

01:09:13.230 --> 01:09:23.820

Trustee Arest: I think trustee and also mentioned, we are looking at plenty of other areas. A lot of this or public private partnerships and the village is doing everything it can to remove red tape and

434

01:09:24.360 --> 01:09:30.510

Trustee Arest: They'll staff has been incredible about trying whenever possible not to say no and to find creative solutions.

435

01:09:31.080 --> 01:09:36.480

Trustee Arest: So we had the ability and the fewest constraints of course on Spencer place and we've made that happen.

436

01:09:36.870 --> 01:09:43.770

Trustee Arest: Doesn't mean we're not looking at other areas, Garth road being another one in particular, there are some, you know, specific complexities to different areas.

437

01:09:44.040 --> 01:09:52.320

Trustee Arest: And I won't get into all the different areas and what the problems might be. But we're doing our best to work through them and we are reaching out to landlords

438

01:09:52.800 --> 01:10:04.380

Trustee Arest: store owners, you know, tenants etc restaurants, trying to get you know everybody on board, understand what happened at Spencer place and see if we can help them in any way to make it easier for them and expedite this

439

01:10:04.830 --> 01:10:10.980

Trustee Arest: Additionally, in terms of health and wellness, you know, because we are looking at things outside of just sidewalk.

440

01:10:12.270 --> 01:10:20.670

Trustee Arest: Issues health and wellness. We had a call today on something else. Actually, but we spoke with Bryan gray and we spoke with assistant manager Richards.

441

01:10:21.240 --> 01:10:27.480

Trustee Arest: And health and wellness is going to go through the rec department, we understand that that's another business that is struggling at this time.

442

01:10:27.750 --> 01:10:43.410

Trustee Arest: People aren't looking to do a lot of these classes indoors for obvious reasons. And so the use of Chase Park and the use of other outdoor areas we have the ability to do that, we actually do similar programs normally over the summer through the Recreation Department through

443

01:10:44.670 --> 01:10:52.110

Trustee Arest: Civic Rec, which is our online system where people can register and we have absolutely every intention of doing it. And I should say.

444

01:10:52.320 --> 01:10:57.840

Trustee Arest: We do say a lot. We appreciate all the work that Brian and his department are doing for the pool and this will not hold them up at all.

445

01:10:58.050 --> 01:11:09.300

Trustee Arest: But he will also be working on this and trying to get this launched as soon as possible, so stay tuned for that. Finally, on Mr. White stones comments and also my colleague trustee Lewis.

446

01:11:09.630 --> 01:11:17.850

Trustee Arest: I absolutely agree that we need to continue our budget conversations. I'm confident that we will, at the very least on a monthly basis when we receive updates.

447

01:11:18.390 --> 01:11:27.990

Trustee Arest: From the village treasure from the village manager. In addition, you know, trusting those mentioned analyses on cash flow reserves other data and some additional things

448

01:11:28.650 --> 01:11:35.010

Trustee Arest: You know, I agree, but these are conversations that we have to have my actual preference for kind of a next step. And I mentioned this at the budget meeting.

449

01:11:35.430 --> 01:11:49.290

Trustee Arest: And then I hope to continue this conversation. The village manager is working on already on re prioritizing capital projects. I think it's very important because on one hand we have limited resources about both money and and people

450

01:11:49.740 --> 01:11:57.180

Trustee Arest: Going forward for this fiscal year, but at the same time, we have needs as a community and we don't want to be short sighted. So I think it's very important.

451

01:11:57.480 --> 01:12:06.210

Trustee Arest: That, at the very least our village manager hears from the board and here you know gets his thoughts, his recommendations and then is able to have a discussion.

452

01:12:06.510 --> 01:12:21.780

Trustee Arest: And have him have our thoughts on his mind as we move forward this through this fiscal year. I think that's very important. So, for, for me personally, that's my hope for our next step. But all these other things are extremely important as well. And I think I have spoken enough. Thank you.

453

01:12:22.890 --> 01:12:23.940

Mayor Samwick: Thank you trust the iris.

454

01:12:26.010 --> 01:12:32.340

Mayor Samwick: I think that's it with respect to to trust the report. So let's move on to agenda items trustee Lewis, you're up first.

455

01:12:33.840 --> 01:12:38.940

Trustee Lewis: All right, I have the resolution regarding the sale of a surplus village vehicle.

456

01:12:39.690 --> 01:12:47.220

Trustee Lewis: I'll say this when I was assigned that I was wondering what I would find here that was developmental and educational for me but I found it.

457

01:12:47.730 --> 01:12:57.000

Trustee Lewis: So for those who don't know, well one. There's two members in here, which is the members of February 3 And fourth, which explain what a boom truck is. That's actually what we're selling. I didn't know what it was.

458

01:12:57.390 --> 01:13:01.770

Trustee Lewis: And it's very interesting to learn about it. The other thing that actually, I would encourage people to look at

459

01:13:02.400 --> 01:13:10.530

Trustee Lewis: Is how we sell these things to get the best price for the village for our taxpayers, there's information about auctions International, which is a professional auctioneers

460

01:13:10.890 --> 01:13:16.560

Trustee Lewis: It's the service for us. It's how we got the 68 bids. And actually what also is interesting about it is

461

01:13:17.190 --> 01:13:24.810

Trustee Lewis: There's a lot of really snappy pictures of our boom truck. I'd like to think that our Boone truck was the most buff of all the blue trucks. It's pretty it's pretty good looking here.

462

01:13:25.200 --> 01:13:36.150

Trustee Lewis: What do you put on something like this to to make a boom truck look attractive to others. We included facts like this. Does the unit operate. Yes. Does the vehicle start. Yes.

463

01:13:37.380 --> 01:13:44.070

Trustee Lewis: So I'll just leave you with those thoughts and go on to the resolution itself, unless people want me to keep going with that one.

464

01:13:44.640 --> 01:13:49.470

Trustee Lewis: I'll go to the resolution, whereas pursuant to village policy number three too old to

465

466

Trustee Lewis: Upon final approval by resolution. The Village Board of Trustees and whereas in February 3 2020 the village manager.

468

01:14:12.150 --> 01:14:20.070

Trustee Lewis: To clear the items described in the attached memo surplus and recommended they be so v an online auction publicly held by auction international Buffalo, New York.

469

01:14:20.580 --> 01:14:27.180

Trustee Lewis: And whereas the village manager reports that public works vehicle number 44 2002 international 4900 billion Trump

470

01:14:27.570 --> 01:14:34.680

Trustee Lewis: Were certified to him and the attached staff memorandum as having no further use or need to the village, having a scattered it's useful service live and we're as

471

01:14:35.040 --> 01:14:44.130

Trustee Lewis: The online auction ended on May 26 2010 and 20 with a total of 68 bids per vehicle number 44 resulting in a winning bid of 12,900

472

01:14:44.670 --> 01:14:51.570

Trustee Lewis: And whereas in the interest of efficiency completing the auction sales. It is recommended that the sale of Public Works vehicle 44 is described here in

473

01:14:51.870 --> 01:14:58.620

Trustee Lewis: And the attached memorandum be approved by the Village Board in accordance with policy to to dispose of surplus property. Now, therefore, be it resolved.

474

01:14:59.010 --> 01:15:06.930

490

01:33:19.980 --> 01:33:24.090

nicholas t: I'm Nicholas Thompson one first line.

638

01:33:25.530 --> 01:33:33.930

nicholas t: I'm curious as a election inspector has been doing it for over 10 years

639

01:33:35.880 --> 01:33:38.100  
nicholas t: What exactly is the village doing

640  
01:33:39.540 --> 01:33:45.210  
nicholas t: To I'm I know that the elections were moved to September.

641  
01:33:47.310 --> 01:34:07.800  
nicholas t: He because of what is is going on. And if somebody could clarify with me if the amount of polling locations are going to be the same in in November, for the general election, um,

642  
01:34:09.150 --> 01:34:15.690  
nicholas t: And if that's, yeah. So that's all I had to ask so

646  
01:34:35.460 --> 01:34:36.030

647  
01:34:36.690 --> 01:34:41.820  
Harrison: Very good. Thank you, Bob. Harrison 65 box meadow road.

648  
01:34:45.450 --> 01:34:46.470  
Harrison: I want to

649  
01:34:48.600 --> 01:34:51.510  
Harrison: continue the discussion a little bit on the

650  
01:34:53.400 --> 01:34:56.910  
Harrison: Tennis Court situation at the middle school tennis courts.

651  
01:34:58.290 --> 01:35:12.330  
Harrison: Maybe the village manager didn't hear me because he mentioned something about the cost of putting up next. I want to make it clear that

the Scarsdale Summer Youth Tennessee, which has been in existence for over 35 years

652

01:35:13.650 --> 01:35:35.910

Harrison: As willing to make a contribution to put up please notice at the middle school tennis courts to allow for doubles play for both adults and youth and their families. And so it feel like we'll put it in a in writing formally and would like to discuss it.

653

01:35:36.990 --> 01:35:52.140

Harrison: With the caveat to just be done as soon as possible because the summer is orange to the summer and we like to have these courses available for double certainly in July and August. So I hope we can

654

01:35:53.220 --> 01:35:57.780

Harrison: Discuss this and I will contact the village manager and

655

01:35:58.920 --> 01:36:10.140

Harrison: So just to make it clear we're prepared to put up dollars to see that these nets get up on the middle school tennis courts for our youth and our families and our adults.

656

01:36:11.670 --> 01:36:12.570

Harrison: Moving on.

657

01:36:13.710 --> 01:36:15.930

Harrison: The there's been some

658

01:36:17.070 --> 01:36:36.540

Harrison: Very active painting painting on Fox meadow road between Olmsted I think about Butler road and the job looks like it's basically done other than banking yellow fine wines tie and other members of Fox meadow road from cream road to

659

01:36:39.270 --> 01:36:50.760

Harrison: homestead road have expressed concern and complaint that our portion of Fox middle road has serious potholes, which have been there for a number of years.

660

01:36:51.120 --> 01:37:07.230

Harrison: It's time to pay that section of Fox meadow road and we would urge you to do it as soon as possible, not next year. But this summer, please. You did a lot of paving on Fox metal road but you left us stranded.

661

01:37:08.550 --> 01:37:15.360

Harrison: And I look for our response on that. Next item is fireworks. I don't know if it's been stated

662

01:37:16.770 --> 01:37:37.620

Harrison: Will there be any Fourth of July fireworks and could they be held in a socially distance manner, not having people inside the pool area, but perhaps sitting in their cars to watch the fireworks. If you have any comments on that.

663

01:37:39.090 --> 01:37:39.660

Harrison: And

664

01:37:41.520 --> 01:37:47.460

Harrison: The, the other item is the mayor has talked about the

665

01:37:48.600 --> 01:38:00.150

Harrison: Committee to discuss and perhaps try to alleviate any racial negative practices in Scarsdale

666

01:38:01.350 --> 01:38:08.640

Harrison: Maybe the mayor wants to give us an update. I have called him. I have sent him emails I have volunteered to be on any committee.

667

01:38:09.330 --> 01:38:22.140

Harrison: Are you are you taking resumes of people interested. What is the status of this committee willing to be a volunteer and serve as may others in the community.

668

01:38:22.860 --> 01:38:35.430

Harrison: I have a lot of experience relative to my 35 years on the board over the New York junior tennis league of Greater New York where we serve about 100,000

669

01:38:35.880 --> 01:38:49.380

Harrison: youth who are primarily minority route, but we're youth in tennis and learning. We are offering after school classes for the students in their subjects as well as teaching tennis.

670

01:38:50.040 --> 01:38:59.550

Harrison: Arthur Ashe one of the great black tennis players was a founder of our New York junior tennis league in 1970

671

01:39:00.150 --> 01:39:10.830

Harrison: And David Jenkins as mayor of New York, a black man has served on our board for about 30 years and I've served on the board for 35 years

672

01:39:11.460 --> 01:39:31.350

Harrison: So I think I have some some historical information and that would be valuable to your committee so I'm available to Sir, would you like a copy of a resume, I'd be happy to submit it. Tell the community, what your plans are mayor and that's it. Thank you.

673

01:39:32.730 --> 01:39:36.630

Mayor Samwick: Thank you, Bob. You obviously have this down to a science you had four seconds left.

674

01:39:39.210 --> 01:39:48.240

Mayor Samwick: So just very quickly. You know, there are criteria and processes with regard to what's going on in the village center and other commercial areas.

675

01:39:49.320 --> 01:39:54.990

Mayor Samwick: If anybody would like to speak with the village managers office to get more detail about that they're more than welcome to do that.

676

01:39:55.620 --> 01:40:01.110

Mayor Samwick: With respect to the village election, we do not yet have information and as you may have noticed

677

01:40:02.100 --> 01:40:16.740

Mayor Samwick: The polling locations for the primary that is occurring today or has occurred. Today, I guess I'm not sure if the clothes clothes at eight or nine, um, you know, the things are in flux and things have changed. So please stay tuned.

678

01:40:17.910 --> 01:40:22.290

Mayor Samwick: Obviously voting is very important, and we want to to continue to encourage that.

679

01:40:23.310 --> 01:40:25.050

Mayor Samwick: With respect to paving

680

01:40:26.220 --> 01:40:43.830

Mayor Samwick: Mr Harrison, as you know, there are priorities. There are also considerations for where content is going to do future work and all

of that factors into into what are paving schedule looks like and with respect to fireworks. We are not having fireworks this year.

681

01:40:44.940 --> 01:40:51.420

Mayor Samwick: With with regard to to the follow up for the visual that we had in chase Park.

682

01:40:52.440 --> 01:41:03.930

Mayor Samwick: You know I continue to to talk with people to listen to people. There's, there's been a lot of interest in serving on on the ad hoc council that is expected to be formed.

683

01:41:04.770 --> 01:41:15.360

Mayor Samwick: And what I will say is you know that it's important to make sure that those types of councils are managed very, you know, carefully in terms of size and composition and all those sorts of things.

684

01:41:16.530 --> 01:41:26.730

Mayor Samwick: And so, not everybody who wants to be involved in that on the committee level is going to have the opportunity to do that, unfortunately, because there really has been quite a lot of interest.

685

01:41:27.300 --> 01:41:40.410

Mayor Samwick: But there will be an opportunity for everybody to participate in the process, whether that's engaging in in listening sessions or in potential sub groups or subcommittees that exists.

686

01:41:41.340 --> 01:41:50.400

Mayor Samwick: It's all too early to tell. One of the things that we're making sure we're doing is, is, you know, listening taking our time and trying to be deliberate with this.

687

01:41:51.330 --> 01:42:00.360

Mayor Samwick: You know this is something that is a high priority item that is a real focal point. And we want to make sure that we set it up for success as best as possible.

688

01:42:01.260 --> 01:42:11.250

Mayor Samwick: With input from as many people throughout the community as possible. So with that said, We now move on to a future meeting schedule. Actually, I don't think I've

689

01:42:11.760 --> 01:42:15.600

Mayor Samwick: Public comments, so I'm going to close. Public comment trust you, girl.

690

01:42:16.020 --> 01:42:24.450

Trustee Veron: Yeah, I just wanted to clarify the question of regarding out some of the retail hubs and some of them are privately held and some of them are village land.

691

01:42:25.620 --> 01:42:30.750

Trustee Veron: And I just wanted to clarify get there were inactive conversations

692

01:42:31.560 --> 01:42:44.670

Trustee Veron: Even those that are privately held benefit from the experience and practices that we're using in on public space. And so we've had a lot of outreach and conversations

693

01:42:45.180 --> 01:42:51.480

Trustee Veron: So that we can share learnings so that that's really been we're very aware of

694

01:42:52.320 --> 01:42:55.650

Trustee Veron: Each area and I mentioned this at the first last meeting.

695

01:42:55.890 --> 01:43:04.230

Trustee Veron: That each area has very specific needs. They have different you know different mix of merchants and different you know ownership and you know someone's village property and some of its privately held so

696

01:43:04.530 --> 01:43:10.020

Trustee Veron: But he said that we're sharing information that's been incredibly appreciative as a constant dialogue.

697

01:43:11.160 --> 01:43:13.920

Mayor Samwick: Like you trust your own, and I believe some of its even stayed out to

698

01:43:15.000 --> 01:43:15.720

Mayor Samwick: To make it even

699

01:43:15.750 --> 01:43:18.180

Trustee Veron: A little more complicated. Yes. Stadium. Yes, that too.

700

01:43:18.390 --> 01:43:19.110
